Contents of Volume 120

Volume 120 Nos. 1–2 May 2000

M.D. VÁZQUEZ, J.A. FERNÁNDEZ, J. LÓPEZ and A. CARBALLEIRA / Effects of Water Acidity and Metal Concentration on Accumulation and Within-Plant Distribution of Metals in the Aquatic Bryophyte *Fontinalis Antipyretica* 1–19

G.E. EL-TAWEEL and G.H. ALI / Evaluation of Roughing and Slow Sand Filters for Water Treatment 21–28

S.V. ANDRONIKOV, D.A. DAVIDSON and R.B. SPIERS / Variability in Contamination by Heavy Metals: Sampling Implications 29–45

C.B. PUHR, D.N.M. DONOGHUE, A.B. STEPHEN, D.J. TERVET and C. SINCLAIR / Regional Patterns of Streamwater Acidity and Catchment Afforestation in Galloway, SW Scotland 47–70

C. SAMARA and R. TSITOURIDOU / Fine and Coarse Ionic Aerosol Components in Relation to Wet and Dry Deposition 71–88

B. LUDWIG, G. DEUTSCHMANN and Y-Y. XU / Acidification of Solid and Solution Phases at Greater Depths (> 150 cm) at Solling Spruce Site 89–105

T. SAEED and M. AL-MUTAIRI / Comparative Composition of Volatile Organic Compounds in the Water-Soluble Fraction of Different Crude Oils Produced in Kuwait 107–119

G.C. KISKU, S.C. BARMAN and S.K. BHARGAVA / Contamination of Soil and Plants with Potentially Toxic Elements Irrigated with Mixed Industrial Effluent and Its Impact on the Environment 121–137

C. VAN DER SALM and W. DE VRIES / Soil Acidification in Loess and Clay Soils in the Netherlands 139–167

K. ÜNLÜ and E. DEMIREKLER / Modeling Water Quality Impacts of Petroleum Contaminated Soils in a Reservoir Catchment 169–193

M.H. AL-MALACK, S.Y. SHEIKHELDIN, N.M. FAYAD and N. KHAJA / Effect of Water Quality Parameters on the Migration of Vinyl Chloride Monomers from Unplasticized PVC Pipes 195–208

Volume 120 Nos. 3–4 June 2000

R.W. GILLETT, G.P. AYERS, P.W. SELLECK, T. MHW and H. HARJANTO / Concentrations of Nitrogen and Sulfur Species in Gas and Rainwater from Six Sites in Indonesia 205–215

A. MERINO, F. MACÍAS and E. GARCÍA-RODEJA / Element Fluxes and Buffer Reactions in Acidified Soils from a Humid-Temperate Region of Southern Europe 217–228

M. DOĞAN, M. ALKAN and Y. ONGANER / Adsorption of Methylene Blue from Aqueous Solution onto Perlite 229–248

I.F. POULSEN and H.CHR. BRUUN HANSEN / Soil Sorption of Nickel in Presence of Citrate or Arginine 249–259

M.C.M. ALVIM FERRAZ, J.C. LOURENÇO and S. BECKER / Control of Cyclohexane Atmospheric Emissions during Soil Remediation 261–272

A. TSINTZOU, A. VANTARAKIS, O. PAGONOPOULOU, A. ATHANASSIADOU and M. PAPAPETROPOULOU / Environmental Mycobacteria in Drinking Water Before and After Replacement of the Water Distribution Network 273–282

S.D. KHATTRI and M.K. SINGH / Colour Removal from Synthetic Dye Wastewater Using a Bioadsorbent 283–294

C.T. GARTEN Jr. / Nitrogen Saturation and Soil N Availability in a High-Elevation Spruce and Fir Forest 295–313

N. MOHAMMED and R.I. ALLAYLA / Effect of Groundwater Velocity on Pilot Scale Bioremediation of Gasoline Contaminated Sandy Aquifers 315–329

C. GRØN, J.B. CHRISTENSEN, D.L. JENSEN, P. KJELDSEN and P. ØSTFELDT / Organic Halogens in Landfill Leachates 331–345

C. DONISA, R. MOCANU, E. STEINNES and A. VASU / Heavy Metal Pollution by Atmospheric Transport in Natural Soils from the Northern Part of Eastern Carpathians 347–358

C.W. MARTIN, G.E. LIKENS and D.C. BUSO / Comparison of Long-Term Precipitation Chemistry Measurements at the Hubbard Brook Experimental Forest, New Hampshire 359–379

J. WANG, C.R. JIA, C.K. WONG and P.K. WONG / Characterization of Polycyclic Aromatic Hydrocarbons Created in Lubricating Oils 381–396

K. JYLHÄ / Removal by Snowfall of Emissions from a Coal-Fired Power Station: Observations and Modelling 397–420

Authors Index 421–422

Volume Contents 423–424
